RESPONSE TO RESTRICTION REQUIREMENT

This is in response to the Official Action dated November 14, 2008, in which the Examiner has required restriction between Species I, namely Claims 1-17, Species II, namely Claims 18-20, Species III, namely Claims 21-24, and Species IV, namely Claims 25-27. Applicants hereby provisionally elect, with traverse, to prosecute the claims of Examiner-identified Species I (Claims 1-17), and expressly reserves the right to file divisional applications or take such other appropriate measures deemed necessary to protect the inventions in the remaining claims.

Applicants note that Claim 1 appears to be generic to both Species I and Species IV (as these species have been identified by the Examiner). As such, Applicants respectfully request that the claims of Examiner-identified Species IV (Claims 25-27) be reintroduced if and when Claim 1 is deemed allowable.

Should the Examiner have further questions or comments with respect to examination of this case, it is respectfully requested that the Examiner telephone the undersigned so that further examination of this application can be expedited.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those, which may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this
